Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated

comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Garfield Elementary School.

***Note: The following optional section may be revised to reflect district practice. ***

***Note: Education Code 51220.5 specifies that the district's course of study for grades 7 and/or 8 may include parenting skills education, including instruction on child abuse and neglect; see AR 6143 - Courses of Study. ***

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, include instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, inform students of available support resources, and teach students how to obtain help and disclose incidents of abuse.

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6143 - Courses of Study)

***Note: The following paragraph is optional. Education Code 51900.6, as added by AB 2016 (Ch. 809, Statutes of 2014), authorizes districts to provide age-appropriate instruction in sexual abuse and sexual assault awareness and prevention in grades K-12, provided that students are allowed to be excused from such instruction upon the written request of their parents/guardians. It also requires the State Board of Education and Superintendent of Public Instruction to consider addressing these issues in the next revision of the state health education content standards and curriculum framework. ***

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction. (Education Code 51900.6)

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Child Abuse Reporting

***Note: The Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3) identifies persons who are mandated to report known or suspected child abuse or neglect and establishes procedures for filing a report; see the accompanying administrative regulation. ***

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

***Note: As amended by AB 1432 (Ch. 797, Statutes of 2014), Education Code 44691 and Penal Code 11165.7 require districts to annually train their employees regarding the duties of mandated reporters; see the accompanying administrative regulation. However, pursuant to Penal Code 11165.7, a lack of training does not excuse any mandated reporter from the duty to report suspected child abuse and neglect. ***

1. A physical injury or death inflicted by other than accidental means on a child by another person

Note: AB 1775 (Ch. 264, Statutes of 2014) amended Penal Code 11165.1 to revise the definition of sexual exploitation to also include knowingly downloading, streaming, or accessing through any electronic or digital media a film, photograph, videotape, video recording, negative, or slide in which a child is engaged in an act of obscene sexual conduct.

2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1

3. Neglect of a child as defined in Penal Code 11165.2

4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3

5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4

(cf. 4119.21/4219.21/4319.21 - Professional Standards)

(cf. 5145.7 - Sexual Harassment)

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)

2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment (Penal Code 11165.6)

(cf. 3515.3 - District Police/Security Department)

***Note: Education Code 44807 provides that physical control of a student under the conditions specified in item #3 below is not

subject to criminal prosecution or penalties.***

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of Comprehensive School Safety Plan 9 of 95 2/7/23 physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code 44807)

4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of a student (Education Code 49001)

(cf. 5131.7 - Weapons and Dangerous Instruments)

(cf. 5144 - Discipline)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by a student (Education Code 49001)

(cf. 6142.7 - Physical Education and Activity)

(cf. 6145.2 - Athletic Competition)

Note: Pursuant to Penal Code 11165.15, as added by AB 652 (Ch. 486, Statutes of 2013), the fact that a child is homeless or is classified as an unaccompanied minor, as defined in the federal McKinney-Vento Homeless Assistance Act (42 USC 11434a), is not, in and of itself, a sufficient basis for reporting child abuse or neglect.

6. Homelessness or classification as an unaccompanied minor (Penal Code 11165.15)

Note: The following definition of "mandated reporters" does not list non-school persons (e.g., physicians, clergy members) who are also mandated to report suspected child abuse or neglect and may be revised to reflect additional positions applicable to the district as specified in Penal Code 11165.7.

Note: Penal Code 11165.7 clarifies that volunteers whose duties require direct contact with and supervision of children are not mandated reporters. However, the law encourages volunteers to obtain training in the identification and reporting of child abuse and neglect and to report known or suspected incidents of child abuse or neglect.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; athletic coaches, administrators, and directors; administrators and employees of a licensed child day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

Note: Penal Code 11166 specifies that a mandated reporter has a duty to report when acting in his/her professional capacity or within the scope of employment. When a mandated reporter is acting in a private capacity, like other private citizens, he/she has the discretion whether or not to make a report.

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05, 11167)

Comprehensive School Safety Plan 10 of 95 2/7/23

Note: Pursuant to Penal Code 152.3, it may be a misdemeanor, with specified exceptions, for a witness to not report a murder, rape, or lewd or lascivious act as defined in Penal Code 288 where the victim is under age 14. Persons who fail to report such offenses may be subject to a fine and/or imprisonment.

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

Note: Penal Code 11166.01 provides that it may be a crime, punishable by a fine and/or imprisonment, for a supervisor or administrator to knowingly inhibit or impede a mandated reporter from making a report.

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

(cf. 1240 - Volunteer Assistance)

Reporting Procedures

1. Initial Telephone Report

Note: Penal Code 11165.9 specifies the agencies that are authorized to receive reports of suspected child abuse and neglect, as detailed in the following paragraph. The agency must accept a report even if it lacks subject matter or geographical jurisdiction to investigate the case; the agency is then responsible for referring the case to an agency with proper jurisdiction.

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Note: It is recommended that the district's administrative regulation include the name, address, and phone number of the appropriate agencies in its area.

(Phone number)

Note: The following paragraph is optional.

Comprehensive School Safety Plan 11 of 95 2/7/23

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

Note: Pursuant to Penal Code 11168, the Department of Justice form shall be distributed by the police department, sheriff's department, county probation department, or county welfare department as appropriate and is available on the Department of Justice's web site. It may also be made available at the district office or school site. The following optional paragraph should be revised to reflect district practice.

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

Note: Penal Code 11167 requires the mandated reporter to give his/her name when reporting known or suspected child abuse. However, the reporter's name and the report are confidential and are only disclosed in limited circumstances provided by law.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

- a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter
- b. The child's name and address, present location, and, where applicable, school, grade, and class
- c. The names, addresses, and telephone numbers of the child's parents/guardians
- d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child
- e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her. (Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

Note: Item #3 below is optional and may be revised to reflect district practice. Pursuant to Penal Code 11166, school districts may establish internal reporting procedures encouraging employees to notify supervisors and administrators of reports that are made. These internal procedures must not inhibit or impede immediate and direct reporting by employees to appropriate agencies. Penal Code 11166 prohibits internal procedures from requiring the employee to make a report to the district or requiring that the identity of the mandated reporter be disclosed to the district.

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency.

Comprehensive School Safety Plan 12 of 95 2/7/23

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

Training

Note: As amended by AB 1432 (Ch. 797, Statutes of 2014), Education Code 44691 and Penal Code 11165.7 require districts to annually train their employees and any other mandated reporters working on their behalf regarding the duties of mandated reporters. Education Code 44691, as amended, also requires the CDE to develop an online training module to be provided to the California Department of Social Services for use by districts.

Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment. (Education Code 44691; Penal Code 11165.7)

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Note: Education Code 44691 requires school districts to use the online training module provided by the California Department of Social Services. However, if the online training module is not used, the Superintendent or designee is required to report to the CDE regarding the training being used in its place.

The Superintendent or designee shall use the online training module provided by the California Department of Social Services. (Education Code 44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

Note: Education Code 44691, as amended by AB 1432 (Ch. 797, Statutes of 2014), requires districts to develop a process by which all persons required to receive training must provide proof of receiving the training (e.g., the use of a sign-in sheet, submission of a certificate of completion). The following paragraph may be revised to reflect district practice.

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (Education Code 44691)

Note: The following optional paragraph may be revised to reflect district practice. Education Code 44691, as amended by AB 1058 (Ch. 748, Statutes of 2015), encourages districts to provide training to all school employees, at least once every three years, on the prevention of child abuse on school grounds, by school personnel, or in school-sponsored programs. As amended, Education Code 44691 also requires the CDE to establish best practices for prevention of abuse and to provide links on its web site to training resources.

In addition, at least once every three years, school personnel may receive training in the prevention of child abuse, including sexual abuse, on school grounds, by school personnel, or in school-sponsored programs. (Education Code 44691)

Victim Interviews by Social Services

***Note: Penal Code 11174.3 authorizes a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect to interview a student during school hours, on school grounds, concerning a report of child abuse or neglect that occurred at home or in an out-of-home care facility. However, there is no clear guidance regarding the

Comprehensive School Safety Plan 13 of 95 2/7/23

procedures to be followed if a social worker is accompanied by law enforcement. In *Greene v. Camreta*, the 9th Circuit Court of Appeals had ruled that, absent exigent circumstances, a social worker and sheriff could not question a student in school without obtaining a warrant, court order, or parent/guardian consent. Subsequently, that ruling was vacated by the U.S. Supreme Court on appeal (*Camreta v. Greene*) since the case was then moot. Districts should proceed with caution and consult with legal counsel as necessary.***

Whenever the Department of Social Services or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

(cf. 5145.11 - Questioning and Apprehension by Law Enforcement)

Parent/Guardian Complaints

Note: Education Code 48987 requires the district to disseminate guidelines, upon request, advising parents/guardians of procedures for filing child abuse complaints. As required by Education Code 33308.1, the CDE has prepared sample guidelines for this purpose, which were updated in March 2014 and are available on the CDE's web site.

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant

to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

(cf. 1312.1 - Complaints Concerning District Employees)

***Note: Parents/guardians of special education students also may file a complaint with the CDE as provided in the following paragraph. The CDE does not investigate allegations of child abuse or neglect, but may investigate conditions that may involve immediate physical danger or threaten the health, safety, or welfare of the child and which may result in denial of a free appropriate

public education.***

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

(cf. 1312.3 - Uniform Complaint Procedures)

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

Before beginning employment, any person who will be a mandated reporter by virtue of his/her position shall sign a statement indicating that he/she has knowledge of the reporting obligations under Penal Code 11166 and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

Note: The remainder of this section is optional and should be deleted by districts that do not provide these additional notifications.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)
2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, he/she may be guilty of a crime punishable by a fine and/or imprisonment. (Penal Code 11166)
3. No employee shall be subject to any sanction by the district for making a report unless it can be shown that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11166)

Disaster Plan (See Appendix C-F)

EARTHQUAKE PROCEDURES

I. Inside Building

Signal: Shaking will prompt the teachers and administrators to take action.

A. Lead Teacher (LT) directs and takes cover:

? "Earthquake! Stop. Drop. Cover. Hold."

? "Stay put. Turn away from windows. Wait for my directions."

B. LT times duration of shaking for tsunami awareness/preparedness.

C. LT Reassures and directs: "Wait, stay put, voice quiet."

D. LT waits for shaking to stop.

E. LT retrieves Emergency Operations Plan (EOP) packet (holder near door).

F. LT evaluates safety of students/classroom and prepares for evacuation:

? Look, Listen, Smell for: fire, structural damage, live wires, gas, alarms, calls from the office to evacuate. If any are present, evacuate students immediately, including the seriously injured.

? If all is clear, reassure and ask: "Is everyone okay? Stay put until I call you."

? Check for injured/trapped individuals.

? Check door and aisles for obstructions; if unsafe determine/prepare alternate evacuation route. ?

Visually check route to safety zone. If unsafe, select alternate route or alternate safety zone.

? Select two students to lead class, with instructions to stop if route becomes unsafe.

? If structure is safe, teacher remains with trapped/injured students; aide or "buddy" teacher oversees safety of students in the safety zone until rescue team relieves regular teacher.

? If structure is unsafe, teacher may remain as close as is safely possible to reassure child that help is coming.

? Post appropriate sign from EOP on door: OK, DO NOT ENTER, or HELP.

II. Evacuation

A. LT calmly directs evacuation of students ASAP:

? "Come out.

? Quickly get a coat (if possible)

? Follow (name leaders).

? Walk quietly to the yellow line at the fence.

? Do not wait for me, I will follow.

? When you get there, stay put."

B. LT evacuates last with EOP packet in hand.

C. Available staff remains with trapped/injured students.

D. LT exits with door left open; walks to yellow safety zone at fence.

E. If an aftershock occurs during evacuation, direct students to "Drop, cover and stay put." Remain so until the shaking stops, then continue to the safety zone.

F. Itinerant teachers return students to their classroom teachers or report injured/trapped.

G. LT takes roll using blue class roster form (EOP).

H. LT accounts for all students, staff, volunteers, from classroom.

I. LT may dismiss I-teacher to report to Operations Commander.

J. While maintaining safety vigilance, LT visually/verbally checks-in with other teachers/classes at safety zone to determine need for immediate staffing support by other classes (e.g.-no adult shows up).

K. LT directs aide to remain, assist other class, go to Operation Commander's post.

L. LT waits with students to report status and for further instruction – Do Not Leave; Maintain Student Safety. M. If Lead teacher fails to arrive at safety zone, aide or other available staff assumes LT duties: taking roll, maintaining student safety in safety zone.

III. Outdoors

Signal: Shaking, undulating earth will prompt staff to act. If able, nearest staff engages fire alarm and/or playground staff blows whistle, calmly, but firmly announces "Earthquake" to students while directing: "Drop, and cover." Once shaking stops, students move to safety zone and gather by class.

A. All other staff proceeds to safety zone, teachers taking Emergency Operations Plans with them if possible.

B. Playground staff calmly, but firmly directs students to their grade-level section

C. Regular classroom teachers report to safety zone and assess:

? take roll

? note absences

? note injuries or problems.

D. LT waits for response team to report missing/injured student/adult.

E. While maintaining safety vigilance, LT visually/verbally checks-in with other teachers/classes at safety zone to determine need for immediate staffing support by other classes (e.g.-no adult shows up).

F. Focus on maintaining the safety and calm of students while waiting for further instructions. G. Everyone waits for all clear and administrative okay before re-entering classroom or for directions to other designated safe area to wait for reunification/release from duty.

Reunification

The Operations Commander will designate a safe place for children and staff to remain until students are reunified with parent or authorized adult.

1. Once directed to this area, remain here until directed otherwise.

2. Teachers and all adults assist to maintain safety, calm and order. Remain focused on the children, keeping a calm professional emergency response demeanor.

3. Reunification team responsibilities:

- Obtain emergency release forms from the office.
- Verify authorized release of child to adult.
- Log information on pink "Reunification-Emergency List" form (EOP).

Include:

? Name of child

? Who picked up

? Time of pick-up

? Location child is being taken

? Phone number where adult (to whom child is being released), can be reached

- Contact Safety Team via walkie-talkie to have child brought to the parking lot gate to be released.

Comprehensive School Safety Plan 18 of 95 2/7/23
Media/Parent/Community Response

Employees are not authorized to speak to the media, parents or community members on behalf of the district, and shall not speak with the media, parents, or community members until the operations commander authorizes such an exchange.

1. Direct parents to wait behind the fence as part of our reunification process. Explain that a staff member will bring their child to them. Notify reunification staff that the parent is waiting so they can log the necessary information before releasing the child to the parent.
2. Reunification staff must log: name of child; who picked up the child; time of pick-up; location child is being taken; phone number where adult (to whom child is being released), can be reached.
3. Direct news media and community members away from the disaster area and children. Explain that a time and place will be set up for a press statement. If the time and place has been provided, you may give that information only, but that is all. 4. After Operations Commander has released you from your responsibilities and you have left the campus you may share your personal experience. Until released, you are an employee of the district and are not to speak to non-staff.

Release from Duty

All staff is legally obligated to remain on duty during an emergency until officially released by the Operations Commander. The Operations Commander will determine which staff is to be released and when they will be released. Until notified, remain on duty.

FIRE PROCEDURES

Fire Signal

Repeated high pitch signal with flashing light

Action

Upon sounding of Fire Drill signal:

1. Teacher calmly, but firmly: "This is a fire drill. Walk to the yellow safety zone across from the classroom." If necessary remind

children: "Do not wait for me. I will come shortly."

2. Aides (if available) accompany students, otherwise students walk independently to the designated safety zone: yellow line along fence, across from classrooms.
3. Teacher determines room is cleared.
4. Teacher takes Emergency Operations Plan packet (near door); turns off lights and closes classroom door.
5. Early Primary teacher checks and clears the Girls restroom, Middle Primary teacher checks and clears the Boys restroom of any students before joining class at the safety zone.
6. All teachers join their classes at the safety zone and take a head count.
7. Itinerant teachers return with their students to the student's class at the safety zone and report to the regular classroom teacher.
8. Teacher conducts roll and indicates status of class to office/administrative personnel.
9. Teachers and staff will prevent students from re-entering the building during the time of the evacuation.
10. Wait in designated safety zone for further instructions.
11. All staff should be prepared to present the administrative personnel with ID badges and if applicable, keys.

In the event of a real fire, the Administrator/Lead Teacher on duty will assume the role of Operations Commander until relieved of the duty by a "higher up" on the chain of command as written in the Emergency Operations Plan. The Operations Commander will oversee the reunification of students to parent or authorized adult.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Garfield School District
Board Policy
Suspension And Expulsion/Due Process

BP 5144.1
Students

Note: Education Code 35291 requires the Governing Board to prescribe rules and regulations for maintaining discipline in the schools under its jurisdiction. Education Code 48918 mandates the setting of rules and regulations for student expulsion as specified in this Board policy and the accompanying administrative regulation.

Note: While recognizing that suspension or expulsion of students is sometimes necessary, legislative, administrative, regulatory, civic, and educational leaders are united in the belief that instructional time should be used for student learning purposes and that school discipline should be imposed in a way that, as much as possible, does not exclude students from school or limit their ability or opportunity to learn. According to the U.S. Department of Justice's Civil Rights Division (DOJ) and the U.S. Department of Education's Office for Civil Rights (OCR), in their joint January 2014 Dear Colleague Letter on the Nondiscriminatory Administration of School Discipline, studies suggest a correlation between exclusionary discipline policies and practices (such as suspension and expulsion) and an array of serious educational, economic, and social problems, including school avoidance and diminished educational engagement, decreased academic achievement, increased behavior problems, and increased likelihood of dropping out, substance abuse, and involvement with the juvenile justice system. Consequently, they recommend that districts adopt alternative disciplinary measures that provide students with appropriate interventions and supports as a means for preventing and addressing student misbehaviors.

Note: Pursuant to Education Code 48900.5, a district is not authorized to suspend a student for certain specified violations unless the student has been subjected to other means of correction which have failed to bring about proper conduct. Such other means of correction include, but are not limited to, conferences between school personnel and the student and his/her parents/guardians; use of study, guidance, or other intervention teams to develop a plan to address the behavior in partnership with the student; and participation in a restorative justice program. For further information about specific disciplinary strategies, including alternatives to class or school removals, see BP/AR 5144 - Discipline. Education Code 48900.5 authorizes a district to document in a student's records the alternative means of correction used to address the student's behavior. Furthermore, when a student is being suspended by the Superintendent, principal, or designee, Education Code 48911 requires that the student be informed, during the informal conference that precedes the suspension, of the other means of correction that were attempted before the suspension.

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

(cf. 5131 - Conduct)
(cf. 5131.1 - Bus Conduct)
(cf. 5131.2 - Bullying)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Note: Pursuant to Education Code 48900(s), a student may be subject to discipline only when the violation is related to a school activity or school attendance as specified below. A student may also be disciplined for a violation committed away from school if it is related to a school activity or to school attendance. For example, Education Code 48900 defines bullying by means of an electronic act as including an act that originates off campus; see the accompanying administrative regulation and BP/AR 5131.2 - Bullying. Another example is the hostile school environment which a victim may suffer from sexual harassment that occurs off campus; see BP/AR 5145.7 - Sexual Harassment.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds

2. While going to or coming from school

3. During the lunch period, whether on or off the school campus

(cf. 5112.5 - Open/Closed Campus)

4. During, going to, or coming from a school-sponsored activity

Note: The following paragraph addresses the problem of unlawful discrimination in the administration of student discipline. In their joint January 2014 Dear Colleague Letter on the Nondiscriminatory Administration of School Discipline, DOJ and OCR noted that, based on the civil rights data collection conducted by OCR, students of certain racial or ethnic groups tended to be disciplined more, and sometimes more harshly, than their similarly situated peers in violation of federal nondiscrimination laws. The letter warned that any district determined to have engaged in unlawful discrimination could be subject to OCR investigation and significant remedial action.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Appropriate Use of Suspension Authority

Note: Education Code 48900.5 requires districts to use other means of correction instead of suspension or expulsion except when a student commits certain enumerated offenses. The following section reflects legislative intent regarding appropriate use of suspension as a means of disciplining students and may be modified to reflect district practice.

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 5144 - Discipline)

(cf. 6142.4 - Service Learning/Community Service Classes)

(cf. 6164.2 - Guidance/Counseling Services)

(cf. 6164.5 - Student Success Teams)

Note: The following optional paragraph may be revised to reflect district practice.

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

Note: Education Code 48900(k) prohibits a district from suspending students in grades K-3 for disruption or willful defiance and authorizes, but does not require, a district to suspend students in grades 4-12 for disruption or willful defiance. Even with this authority, districts should be careful in using these grounds, as available data have indicated a disproportionate use with certain student subgroups. Option 1 below is for use by any district that chooses to suspend students in grades 4-12 for disruption and/or willful defiance as authorized pursuant to Education Code 48900(k). Any district that chooses to eliminate disruption and willful defiance as reasons for suspending any of its students from school should select Option 2 below. Such districts should also delete the first paragraph in the section titled "Additional Grounds for Suspension and Expulsion: Grades 4-12" in the accompanying administrative regulation.

***Note: Each option below reflects an exception granted to teachers pursuant to Education Code 48910 to suspend students, including a K-3 student, from class; see section "Suspension from Class by a Teacher" in the accompanying administrative

Comprehensive School Safety Plan 23 of 95 2/7/23
regulation.***

OPTION 1: No student in grades K-3 may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

OPTION 2: No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Note: The following optional paragraph reflects the Legislature's intent, expressed in Education Code 48900, concerning disciplinary actions against truant, tardy, or absent students. Since these are not enumerated offenses, a district does not have the authority to suspend or expel students for committing any of these acts.

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

On-Campus Suspension

Note: As an alternative to off-campus suspension, Education Code 48911.1 authorizes a supervised suspension classroom program for students who pose no imminent danger to anyone at school and who have not been recommended for expulsion, as specified below. Education Code 48911.2 states that, if the number of students suspended during the prior year exceeds 30 percent of the school's enrollment, the district should consider implementing this program and/or another on-campus progressive discipline program.

Note: The following optional section is for use by districts implementing a supervised suspension classroom program. Such districts may continue to claim funding apportionments for students so assigned, provided they meet specific criteria which are set forth under "Supervised Suspension Classroom" in the accompanying administrative regulation. A district does not receive funding for off-campus suspensions.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

(cf. 5131.7 - Weapons and Dangerous Instruments)

2. Selling or otherwise furnishing a firearm

3. Brandishing a knife at another person

4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

Comprehensive School Safety Plan 24 of 95 2/7/23

5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K 12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

Note: Pursuant to Education Code 48917, the Board may decide to suspend the enforcement of an order for expulsion as long as a student satisfies specific conditions. See the accompanying administrative regulation for criteria. In addition, the Attorney General opined in 80 Ops.Cal.Atty.Gen. 85 (1997) that the enforcement of an expulsion order may be suspended even in those cases where the student has committed an offense for which expulsion is required by law. Legal counsel should be consulted as appropriate.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

Note: The following paragraph is for use by districts that contract with the California Department of Education (CDE) to operate a California State Preschool Program. Education Code 8239.1, as added by AB 752 (Ch. 708, Statutes of 2017), prohibits the expulsion or disenrollment of a child in a preschool program unless the district has taken specified steps and the child's continued enrollment would present a serious safety threat to the child or other enrolled children. For further details regarding the steps the district must take prior to expelling a child, see BP 5148.3 - Preschool/Early Childhood Education.

No child enrolled in a preschool program shall be expelled except under limited circumstances as specified in AR 5148.3 - Preschool/Early Childhood Education.

(cf. 5148.3 - Preschool/Early Childhood Education)

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Maintenance and Monitoring of Outcome Data

***Note: Education Code 48900.8 and 48916.1 require the district to maintain data related to suspensions and expulsions as provided below. Pursuant to Education Code 48916.1, the Superintendent of Public Instruction may require submission of such data as part of the Federal Program Monitoring process. In addition, 20 USC 7961 requires districts to submit to the CDE a description of the circumstances surrounding any expulsions based on bringing or possessing a firearm on campus, including the name of the

school, the number of students expelled, and the type of firearms involved.***

Comprehensive School Safety Plan 25 of 95 2/7/23

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions in accordance with Education Code 48900.8 and 48916.1, including, but not limited to, the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period. For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

Note: Pursuant to Education Code 52060, districts are required to address school climate in the local control and accountability plan, as measured by student suspension and expulsion rates and other local measures for each school and each numerically significant student subgroup. As defined in Education Code 52052, numerically significant subgroups include ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students, when there are at least 30 students in the subgroup or at least 15 foster youth or homeless students.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

(E) Sexual Harassment Policies (EC 212.6 [b])

Garfield School District
Board Policy
Sexual Harassment

BP 4219.11 4119.11, 4319.11
Personnel

Note: Education Code 231.5 mandates the district to have a written policy on sexual harassment. As part of this mandate, the district also should adopt a sexual harassment policy related to students; see BP/AR 5145.7 - Sexual Harassment.

Note: Generally, courts recognize two types of conduct as constituting sexual harassment. "Quid Pro Quo" ("this for that") sexual harassment is considered to have occurred when a person in a position of authority makes another individual's educational or employment benefits conditional upon that other person's willingness to engage in unwanted sexual behavior (e.g., promising a promotion for sex). "Hostile environment" sexual harassment, on the other hand, is conduct by the perpetrator that is so severe, persistent, or pervasive that it creates a hostile, intimidating, or abusive educational or professional environment for another. Sexual harassment also covers retaliatory behavior against a complainant, witness, or other participant in the complaint process. Pursuant to Government Code 12940 and 2 CCR 11009, interns, volunteers, and job applicants are entitled to the same protection against sexual harassment as applicable to employees.

Note: Sexual harassment is prohibited pursuant to Title VII of the Civil Rights Act of 1964 (42 USC 2000e-2000e-17) and/or Title IX of the Education Amendments of 1972 (20 USC 1681-1688), as well as the California Fair Employment and Housing Act (Government Code 12900-12996).

Note: Pursuant to Government Code 12940, employers may be held liable for sexual harassment committed against their workers by clients, customers, or other third parties if they knew or should have known of the harassment and failed to take immediate and appropriate corrective action to stop the harassment.

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the gender, gender identity, gender expression, or sexual orientation of the victim.

This policy shall apply to all district employees and to other persons on district property or with some employment relationship with the district, such as interns, volunteers, contractors, and job applicants.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 4030 - Nondiscrimination in Employment)

Note: In addition to district discipline imposed on employees who engage in sexual harassment, Government Code 12940 provides that such employees may be held personally liable in a court of law for any damage to the victim(s).

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal.

(cf. 4117.7/4317.7 - Employment Status Reports)
(cf. 4118 - Dismissal/Suspension/Disciplinary Action)
(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

***Note: Federal and state courts have provided guidance that may help employers avoid liability or mitigate damages in sexual harassment cases. In Department of Health Services v. Superior Court (McGinnis), the California Supreme Court outlined measures that may constitute mitigating factors in the assessment of damages, including establishing anti-harassment policies, communicating those policies to employees, consistently enforcing the policies, preserving the confidentiality of employees who report harassment, and preventing retaliation against reporting employees. The U.S. Supreme Court in Burlington Industries v. Ellerth held that, for

certain claims under federal law, an employer may defend against sexual harassment claims by proving that (1) reasonable care was exercised to prevent and promptly correct any sexually harassing behavior, and (2) the employee (victim) failed to take advantage of the preventive and corrective opportunities provided by the employer.***

Note: Pursuant to Government Code 12950.1, employers with 50 or more employees are required to provide two hours of sexual harassment training to supervisory employees. See the accompanying administrative regulation for timelines and training requirements.

Note: Items #1-4 below reflect the courts' guidance and Government Code 12950.1, and should be modified to reflect district practice.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation
2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

3. Ensuring prompt, thorough, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

Note: The following optional paragraph reflects a recommendation of the U.S. Equal Employment Opportunity Commission's informal guidance Promising Practices for Preventing Harassment and may be revised to reflect district practice.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

Note: Pursuant to 2 CCR 11034, the district may be liable for sexual harassment committed by a supervisor, coworker, or a third party. In addition, as part of its affirmative duty to prevent sexual harassment, the district is required pursuant to 2 CCR 11023 to instruct supervisors to report complaints.

Any district employee who feels that he/she has been sexually harassed in the performance of his/her district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her direct supervisor, another supervisor, the district's coordinator for nondiscrimination, the Superintendent, or, if available, a complaint hotline or an ombudsman. A supervisor or administrator who receives a harassment complaint shall promptly notify the coordinator.

Note: In *Faragher v. City of Boca Raton*, one of the factors relied on by the U.S. Supreme Court in finding liability for harassment by a supervisor was the failure of the policy to provide an assurance to its employees that harassing supervisors may be bypassed in registering complaints.

Complaints of sexual harassment shall be filed and investigated in accordance with the complaint procedure specified in AR 4030 - Nondiscrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

All complaints and allegations of sexual harassment shall be kept confidential to the extent necessary to carry out the investigation

or to take other subsequent necessary actions. (2 CCR 11023)

Garfield School District
Administrative Regulation
Sexual Harassment

AR 4219.11 4119.11, 4319.11
Personnel

Note: The following administrative regulation is mandated pursuant to Education Code 231.5 and includes reasonable steps for preventing the occurrence of discrimination and harassment as required pursuant to Government Code 12940 (California Fair Employment and Housing Act). The focus of this administrative regulation is on sexual harassment by and of employees. Pursuant to Government Code 12940 and 2 CCR 11009, interns, volunteers, and job applicants are entitled to the same protection against sexual harassment as applicable to employees.

Note: For information related to sexual harassment involving students, see BP/AR 5145.7 - Sexual Harassment.

This administrative regulation shall apply to all allegations of sexual harassment involving employees, interns, volunteers, and job applicants, but shall not be used to resolve any complaint by or against a student.

Definitions

Note: In *Oncale v. Sundowner Offshore Services, Inc.*, the U.S. Supreme Court held that same-sex sexual harassment could be actionable under Title VII of the Civil Rights Act of 1964 (42 USC 2000e-2000e-17).

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the work or educational setting when: (Education Code 212.5; Government Code 12940; 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment. 2.

Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual.

3. Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district.

Note: Pursuant to Government Code 12940, conduct may meet the definition of sexual harassment regardless of whether or not the alleged harasser is motivated by sexual desire for the victim.

Prohibited sexual harassment also includes conduct which, regardless of whether or not it is motivated by sexual desire, is so severe or pervasive as to unreasonably interfere with the victim's work performance or create an intimidating, hostile, or offensive work environment.

Note: Pursuant to Government Code 12940, the district may be held liable for sexual harassment committed against employees by clients, customers, or other third parties if the district knew, or should have known, of the harassment and failed to take immediate and appropriate corrective action to stop the harassment. The following paragraph clarifies that sexual harassment may include acts by supervisors, co-workers, or other parties and should be modified to reflect district practice.

Examples of actions that might constitute sexual harassment in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors
2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects
3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, leaning over, or impeding normal movements

Training

Note: The following paragraph is consistent with a district's affirmative duty to protect its employees from sex discrimination, including sexual harassment, pursuant to 2 CCR 11023. In its informal guidance, Promising Practices for Preventing Harassment, the U.S. Equal Employment Opportunity Commission recommends that employers provide sexual harassment training to all employees, not just supervisors and managers. In addition, since BP/AR 5145.7 - Sexual Harassment requires employees to report sexual harassment against students, training employees to recognize and address sexual harassment incidents furthers the district's interest in protecting both employees and students against prohibited conduct. Thus, it is strongly recommended that districts periodically provide sexual harassment training or information to all their employees, especially those who work at school sites.

Note: Provision of periodic training to all district employees could also help foster a positive work environment and mitigate damages against a district in the event of sexual harassment litigation. In Department of Health Services v. Superior Court (McGinnis), the California Supreme Court held that employers that have taken reasonable steps to prevent and correct workplace sexual harassment may be able to reduce damages in the event of a lawsuit. Such steps may include establishing anti-harassment policies and communicating those policies to employees.

The Superintendent or designee shall ensure that all employees receive training regarding the district's sexual harassment policies when hired and periodically thereafter. The training shall include how to recognize prohibited or harassing conduct, the procedures for reporting and/or filing complaints involving an employee, employees' duty to use the district's complaint procedures, and employee obligations when a sexual harassment report involving a student is made to the employee. The training shall also include information about processes for employees to informally share or obtain information about harassment without filing a complaint.

(cf. 1312.3 - Uniform Complaint Procedures)
(cf. 4030 - Nondiscrimination in Employment)
(cf. 5145.7 - Sexual Harassment)

Note: Government Code 12950.1 requires districts with 50 or more employees to provide two hours of sexual harassment training and education once every two years to every supervisory employee, defined as any employee with the authority to take employment action, including hiring, transferring, suspending, and disciplining other employees, or recommend such action if the exercise of that authority is not merely routine or clerical in nature. All newly hired supervisors or employees promoted to a supervisory position must receive the training within six months of their hire or assumption of the supervisory position. Compliance with this law does not insulate the district from any liability for harassment.

Note: Governing Board members, as elected officials, are not usually considered "supervisors"; however, since Board members have the authority to hire, reward, or discipline the Superintendent and other employees, Board members may also be required to receive sexual harassment training. Districts should consult with legal counsel to ensure that the appropriate individuals receive training.

Note: Although the law does not require districts with fewer than 50 employees to provide sexual harassment training to supervisors, court decisions have held that providing training may help mitigate damages in sexual harassment lawsuits. The provision of supervisor training may also be a factor in determining whether a district has taken reasonable steps to prevent discrimination and harassment pursuant to Government Code 12940. Therefore, it is recommended that all districts, regardless of the number of employees, provide sexual harassment training. Districts with fewer than 50 employees that do not provide sexual harassment training may revise the remainder of this section to reflect district practice.

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours of classroom or other effective interactive training and education regarding sexual harassment. All such newly hired or promoted employees shall receive training within six months of their assumption of the new position. (Government Code 12950.1)

A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code 12926)

(cf. 4300 - Administrative and Supervisory Personnel)

***Note: Government Code 12950.1 and 2 CCR 11024 require that the training for supervisory employees contain specified components and be presented by trainers or educators with knowledge and expertise in the prevention of harassment,

discrimination, and retaliation.***

The district's sexual harassment training and education program for supervisory employees shall be aimed at assisting them in preventing and effectively responding to incidents of sexual harassment, as well as implementing mechanisms to promptly address and correct wrongful behavior. The training shall include, but is not limited to, the following: (Government Code 12950.1; 2 CCR 11024)

1. Information and practical guidance regarding federal and state laws on the prohibition, prevention, and correction of sexual harassment, the remedies available to sexual harassment victims in civil actions, and potential district and/or individual exposure or liability
2. The types of conduct that constitute sexual harassment and practical examples which illustrate sexual harassment, discrimination, and retaliation using training modalities such as role plays, case studies, and group discussions, based on factual scenarios taken from case law, news and media accounts, and hypotheticals based on workplace situations and other sources
3. A supervisor's obligation to report sexual harassment, discrimination, and retaliation of which he/she becomes aware and what to do if the supervisor himself/herself is personally accused of harassment
4. Strategies for preventing harassment, discrimination, and retaliation and appropriate steps to ensure that remedial measures are taken to correct harassing behavior, including an effective process for investigation of a complaint
5. The essential elements of the district's anti-harassment policy, including the limited confidentiality of the complaint process and resources for victims of unlawful sexual harassment, such as to whom they should report any alleged sexual harassment, and how to use the policy if a harassment complaint is filed
6. A copy of the district's sexual harassment policy and administrative regulation, which each participant shall acknowledge in writing that he/she has received
7. The definition and prevention of abusive conduct that addresses the use of derogatory remarks, insults, or epithets, other verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, and the gratuitous sabotage or undermining of a person's work performance

Note: Item #8 below is required pursuant to Government Code 12950.1, as amended by SB 396 (Ch. 858, Statutes of 2017).

8. Practical examples of harassment based on gender identity, gender expression, and sexual orientation

The Superintendent or designee shall retain for at least two years the records of any training provided to supervisory employees. Such records shall include the names of trained employees, date of the training, the type of training, and the name of the training provider. (2 CCR 11024)

Notifications

Note: Education Code 231.5 requires that the district provide copies of its policy on sexual harassment to staff, as specified below. In addition, 2 CCR 11024 requires that supervisory employees undergoing mandatory training receive a copy of the district's policy and acknowledge receipt of the policy; see item #6 in the section "Training" above.

A copy of the Board policy and this administrative regulation shall: (Education Code 231.5)

1. Be displayed in a prominent location in the main administrative building, district office, or other area of the school where notices of district rules, regulations, procedures, and standards of conduct are posted
2. Be provided to every district employee at the beginning of the first quarter or semester of the school year or whenever a new employee is hired

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

3. Appear in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct

Note: Government Code 12950 requires the Department of Fair Employment and Housing (DFEH) to develop an information sheet on employment discrimination and the illegality of sexual harassment. This document is available on DFEH's web site.

All employees shall receive a copy of an information sheet prepared by the California Department of Fair Employment and Housing (DFEH) or the district that contains, at a minimum, components on: (Government Code 12950)

1. The illegality of sexual harassment
2. The definition of sexual harassment under applicable state and federal law
3. A description of sexual harassment, with examples
4. The district's complaint process available to the employee
5. The legal remedies and complaint process available through DFEH and the Equal Employment Opportunity Commission (EEOC)
6. Directions on how to contact DFEH and the EEOC
7. The protection against retaliation provided by 2 CCR 11021 for opposing harassment prohibited by law or for filing a complaint with or otherwise participating in an investigation, proceeding, or hearing conducted by DFEH and the EEOC

Note: Government Code 12950, as amended by SB 396 (Ch. 858, Statutes of 2017), requires districts to post, in a prominent and accessible location, a poster developed by DFEH regarding transgender rights. This poster is available on DFEH's web site.

In addition, the district shall post, in a prominent and accessible location, the DFEH poster on discrimination in employment and the illegality of sexual harassment and the DFEH poster regarding transgender rights. (Government Code 12950)

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Garfield School District
Board Policy
Dress And Grooming

BP 5132
Students

Note: The following policy may be revised to reflect district practice. Pursuant to Education Code 35183, districts that adopt a school uniform policy are mandated to include specified provisions; see section on "Uniforms" below.

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

(cf. 4119.22/4219.22/4319.22 - Dress and Grooming)

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

Note: Education Code 212.1, as amended by SB 188 (Ch. 58, Statutes of 2019), defines "race," for purposes of prohibiting discrimination, as including traits historically associated with race, such as hair texture and protective hairstyles.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

Note: While students do not lose their constitutional rights by virtue of entering school grounds, numerous court decisions have found that the First Amendment rights of public school students are not necessarily the same as the rights of adults in other settings and must be viewed in light of the special circumstances of the school environment. In *Hazelwood School District v. Kuhlmeier*, the U.S. Supreme Court ruled that a school may limit student expression as long as its decision is reasonably related to "legitimate pedagogical concerns." For instance, districts may prohibit clothing that is vulgar or causes a substantial disruption to the educational program. Districts may also prohibit clothing that promotes drug use. While districts can regulate clothing that causes a "substantial disruption," districts cannot regulate student clothing simply because the district does not approve of the message displayed. The district's ability to prohibit "hate speech," including clothing with derogatory or demeaning messages, is unclear. The 9th Circuit Court in *Harper v. Poway Unified School District* ruled that a school could prohibit a student from wearing a t-shirt with a religious viewpoint against homosexuality, citing a provision in *Tinker v. Des Moines* which held that schools may prohibit speech that "intrudes upon the rights of other students" and interferes with their learning. However, because the student had graduated, the U.S. Supreme Court vacated the Harper decision on appeal and thus its analysis cannot be relied upon. It is recommended that the district consult legal counsel in the development of this policy and whenever it has questions about the appropriate enforcement of this policy based on student expression.

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 0415 - Equity)

(cf. 5145.2 - Freedom of Speech/Expression)

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

(cf. 5144 - Discipline)

Gang-Related Apparel

Comprehensive School Safety Plan 37 of 95 2/7/23

Note: Education Code 35183 authorizes the Governing Board to approve a site-initiated plan that prohibits the school's students from wearing gang-related apparel. The definition of "gang-related apparel" must be limited to apparel that reasonably could be determined to threaten the health and safety of the school environment, and the Board's approval must be based on a determination the policy is necessary for the health and safety of the school environment. In Marvin H. Jeglin et al v. San Jacinto Unified School District et al, a federal district court held that in order to justify a gang-related dress code, there must be evidence of a gang presence at a school and actual or threatened disruption or material interference with school activity. Education Code 32282 specifies that for the purpose of establishing a schoolwide dress code, gang-related apparel shall not be considered a protected form of speech pursuant to Education Code 48950.

Note: District policy should not include a districtwide prohibition against wearing gang-related apparel. Pursuant to Education Code 35183, such a dress code must be initiated at the school-site level and apply only to the school where it is initiated.

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5136 - Gangs)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

Note: In Jacobs v. Clark County School District, the 9th Circuit Court of Appeals held that a district policy requiring students to wear school uniforms did not violate students' First Amendment right to freedom of speech or expression, as such policies are viewpoint-neutral and content-neutral and not intended to suppress the expression of particular ideas.

Note: Pursuant to Education Code 35183, the Board may approve a school-initiated plan that requires a school's students to wear uniforms when the Board determines that the policy is necessary for the health and safety of the school environment.

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

Note: If the Board adopts a dress code policy requiring uniforms for any school, Education Code 35183 requires that the Board provide a method whereby parents/guardians may choose to have their children exempted from the adopted school uniform policy. Education Code 35183 mandates that the Board policy include a statement that such students shall not be penalized academically, otherwise discriminated against, or denied attendance to school.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

SCHOOL BUS CONDUCT WHILE ON FIELD TRIPS

(1) In that you are still in school and subject to school rules, all applicable rules still apply

Comprehensive School Safety Plan 40 of 95 2/7/23

(2) The student is an ambassador of Garfield School District, and their behavior - positive or negative - reflects on the entire school community; students and staff are expected to keep this in mind.

EARTHQUAKE AND OTHER EMERGENCY PROCEDURES WHILE ON FIELD TRIP WHILE ON THE BUS

1) Driver

a Pull over at nearest appropriate spot.

b. Be mindful of potential vehicles from behind / side.

c Duck and cover command if necessary.

d. When shaking stops evaluate the scene:

1. Student injuries - treat to the best of your ability

2. Damage to vehicle safe to drive

3. Damage to roadways

4. Power lines / trees / other vehicles

5. Don't proceed until you are positive it is safe to do so

6. Don't cross over / under overpasses or bridges unless directed to do so by an appropriate authority

e. Immediately radio office for instructions. However you could be out of radio range.

f. If safe to do so continue bus transit back to school.

g. Do not move the bus until all student names are confirmed as being logged by yourself or the teacher.

h. The bus driver is considered to be the person in charge

2) Teacher

a Duck and cover command when bus has stopped moving.

b. Treat student injuries and calm students to the best of your ability.

c. As soon as possible confirm that all student's names are logged and their location on the bus - the driver has a chart for this. This chart shall remain in the possession of the teacher in charge, unless they are injured then the driver will retain custody. d. Before any child leaves the bus log the appropriate information as to time / location / to whom / and where they are going. e. The teacher has the responsibility for the students; the bus driver for the operation of the bus.

f. The bus driver is considered to be the person in charge.

3) Aides/Volunteers

a Assist teacher or driver, as requested.

EARTHQUAKE AND OTHER EMERGENCY PROCEDURES WHILE NOT ON BUS

If a disaster occurs while on an field trip, and not on the bus, follow the general procedures outlined in classroom emergency procedures.

In an earthquake, have students duck and cover until the shaking ceases; it is critical for the adult in charge to take charge and make

a quick assessment of the situation regardless of the type of emergency. Keeping common sense and good judgment as a highest priority, in the process of determining your next move, is critical.

If you are in a building it probably won't be as well constructed as a school site, and this should be kept in mind as to the immediacy of evacuation.

Dangers from fire, building collapse, hazardous material release will be a serious concern in an earthquake.

Comprehensive School Safety Plan 41 of 95 2/7/23

Our primary concern is to get students and staff to a safe area where their security can be maintained and the adult in charge has control over their movement; it is preferable to move immediately to the school bus if that option is available.

In that a list of students is supposed to be in the possession of the teacher at all times, that list will be able to be utilized for taking roll.

If injured students must be left in a building or location. It will be necessary for an adult, other than the supervising teacher, to remain in close contact with the injured student(s) until professional help arrives and they are released from that responsibility by the person in charge of the incident - usually fire or police personnel.

The adult will obviously assist the student(s) in any manner that they can. Instructional aides, adult volunteers, or the bus driver may stay with the injured student(s); the teacher must stay with the majority of the children.

Contact with the district needs to be made as to the status of students and staff as soon as is possible. If the district can not be contacted by telephone or radio, it will be necessary to contact the Humboldt County Office of Education on either the radio, or at 707-445-7000.

You will need to identify yourself, the school you are from, the status of students and staff, your location, and where you will be. If you will be attempting to return to the district indicate which route you will be attempting.

Be as brief as possible as others may be attempting to use the same telephone line.

If you attempt to return to the district take the most direct route. Do not go out of your way to sight see; be sure to bring all students on the bus back to the school site.

If the bus driver is injured, and unable to drive the bus, do not attempt to drive the bus unless it is critical the bus be moved for safety reasons. If so move the bus a minimal distance to get to a safe spot where you can wait for help to arrive.

Don't move the bus unless you are certain students would be in a life threatening situation.

This plan will be sent home to parents/guardians in the beginning of the year packet. Parent/guardians will review the plan with their child(ren) and sign a form stating that they have reviewed these rules with their child(ren). The signed forms will be retained in the school office.

Questions regarding the plan should be referred to:

MTSS

Element:

Garfield School District utilizes a Multi-tiered system of support for all students which includes: Peer mediation, conflict resolution, restorative practices, PBIS, Second Step and Responsive Classroom. These programs go to the core of a safe and healthy school environment.2. Implement Multitiered Systems of Supports (MTSS)

The most effective way to implement integrated services that support school safety and student learning is through a school-wide multi tiered system of supports (MTSS). MTSS encompasses (a) prevention and wellness promotion; (b) universal screening for academic, behavioral, and emotional barriers to learning; (c) implementation of evidence-based interventions that increase in intensity as needed; (d) monitoring of ongoing student progress in response to implemented interventions; and (e) engagement in systematic data-based decision making about services needed for students based on specific outcomes. In a growing number of schools across the country, response to intervention (RTI) and positive behavior interventions and supports (PBIS) constitute the primary methods for implementing an MTSS framework. Ideally though, MTSS is implemented more holistically to integrate efforts targeting academic, behavioral, social, emotional, physical, and mental health concerns. This framework is more effective with coordination of school-employed and community-based service providers to ensure integration and coordination of services among the school, home, and community.

Effective MTSS requires:

? adequate access to school-employed specialized instructional support personnel (e.g., school counselors, school psychologists, school social workers, and school nurses) and community-based services;

? collaboration and integration of services, including integration of mental health, behavioral, and academic supports, as well integration of school-based and community services;

- ? adequate staff time for planning and problem solving;
- ? effective collection, evaluation, interpretation, and use of data; and
- ? patience, commitment, and strong leadership.

One approach to integrating school safety and crisis management into an MTSS framework is the M-PHAT model. M-PHAT stands for:

- ? Multi-Phase (prevention, preparedness, response, and recovery)
- ? Multi-Hazard (accidental death, school violence, natural disasters, terrorism)
- ? Multi-Agency (school, police, fire, EMS, mental health)
- ? Multi-Tiered (an MTSS framework)

Family Engagement

Element:

Families and school staff work together to support and improve the learning, development, and health of students. Family engagement with schools is a shared responsibility of both school staff and families. School staff are committed to making families feel welcomed, engaging families in a variety of meaningful ways, and sustaining family engagement. Families are committed to actively supporting their child’s learning and development. This relationship between school staff and families cuts across and reinforces student health and learning in multiple settings—at home, in school, in out-of-school programs, and in the community. Family engagement should be continuous across a child’s life and requires an ongoing commitment as children mature into young adulthood

PARTNERSHIP FOR SCHOOL SUCCESS

At Garfield School we believe that cooperation between school and home is essential for a child to succeed to his or her highest potential. When we combine our resources for education and guidance we provide cohesive and positive boundaries in which a child can feel safe. We believe that schools and families working together can solve even the most difficult problems. The more collaboration we model between home and school, the more assured the child will be that his or her education is important both to their parents and their teachers. The Garfield School Compact recognizes the importance of this partnership.

(K) Hate Crime Reporting Procedures and Policies

Garfield School District
Board Policy
Hate-Motivated Behavior

BP 5145.9
Students

Note: The following optional policy addresses prevention strategies for hate-motivated incidents and should be modified to reflect district practice. Elements of this policy should be integrated into existing district and school site plans, such as the local control and accountability plan, comprehensive school safety plan, and staff development plans.

The Governing Board is committed to providing a safe learning environment that protects students from discrimination, harassment, intimidation, bullying, and other behavior motivated by a person's hostility towards another person's real or perceived ethnicity, national origin, immigrant status, sex, gender, sexual orientation, religious belief, age, disability, or any other physical or cultural characteristic. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 0450 - Comprehensive Safety Plan)
(cf. 3515.4 - Recovery for Property Loss or Damage)
(cf. 5131- Conduct)
(cf. 5131.2 - Bullying)
(cf. 5131.5 - Vandalism and Graffiti)
(cf. 5136 - Gangs)
(cf. 5137 - Positive School Climate)
(cf. 5141.52 - Suicide Prevention)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

Note: Hate-motivated behavior, such as an assault, physical threat, bomb threat, destruction of property, graffiti, and certain types of vandalism, may constitute a crime under state or federal law. Local law enforcement agencies and human rights commissions throughout the state have established countywide hate crimes networks aimed at responding to and preventing hate crimes. Districts can identify local hate crime resources through the California Association of Human Relations Organizations, which conducts activities designed to protect human and civil rights through networks of collaborations that reduce community tension and build intergroup relationships.

Note: The following optional paragraph should be revised to reflect district practice.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote safe environments for youth. Such collaborative efforts shall focus on ensuring an efficient use of district and community resources, developing effective prevention strategies and response plans, providing assistance to students affected by hate-motivated behavior, and/or educating students who have perpetrated hate-motivated acts.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 1700 - Relations Between Private Industry and the Schools)
(cf. 5148.2 - Before/After School Programs)

The district shall provide students with age-appropriate instruction that includes the development of social-emotional learning, promotes their understanding of and respect for human rights, diversity, and acceptance in a multicultural society, and provides strategies to manage conflicts constructively.

(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 6142.3 - Civic Education)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6142.94 - History-Social Science Instruction)

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

(cf. 6164.2 - Guidance/Counseling Services)

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Complaint Process

Note: Pursuant to Education Code 234.1, districts are required to adopt a process for receiving and investigating complaints involving unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) based on race or ethnicity, nationality, gender, sex, sexual orientation, religion, immigration status, or any characteristic contained in the definition of hate crimes in Penal Code 422.55. In addition, federal regulations require districts to adopt procedures providing for the prompt and equitable resolution of complaints of discrimination on the basis of sex (34 CFR 106.8), disability (34 CFR 104.7 and 28 CFR 35.107), and age (34 CFR 110.25). Pursuant to 5 CCR 4600-4670, uniform complaint procedures (UCP) must be used for this purpose. See BP/AR 1312.3 - Uniform Complaint Procedures.

Note: Although some incidents of harassment, intimidation, or bullying may not fall within the provisions of Education Code 234.1 or federal civil rights regulations, CSBA strongly recommends that districts use the UCP to investigate all incidents (whether discriminatory or nondiscriminatory) to ensure consistent implementation by district staff. It is not always easy or possible for staff to know prior to an investigation whether a student was victimized because of his/her actual or perceived membership in a legally protected class. Those incidents found to involve discrimination based on the results of the investigation would then be resolved using the UCP. When an incident is determined to be nondiscriminatory, it should be resolved through the appropriate disciplinary process.

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the principal or the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. As appropriate, he/she shall also contact law enforcement.

(cf. 3515.3 - District Police/Security Department)

(cf. 5145.11 - Questioning and Apprehension by Law Enforcement)

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Comprehensive School Safety Plan 50 of 95 2/7/23

(J) Procedures to Prepare for Active Shooters

Lock Down

This is used for any condition that arises when we do not want students outside of the classroom, e.g.: notification from sheriff's office or neighbors, or staff member of possible threat: suspicious person walking along the road with a gun, drive-by shooting down the road; warrants and arrests being made nearby, weather conditions, mountain lion, bee swarm, etc.

If students from other classes are with you, they stay with you until otherwise directed. If you are an itinerant teacher or GASP staff, keep children with you.

Inside Procedure

Signals and Actions: Air horn blast 3X, pause and repeat blast 3X, and/or phone call from office.

a) Air Horn Only: Teacher remains calm – simultaneously locks the door while calmly, but firmly directs students: “Stop, Drop and Cover, voices quiet.” Treat as imminent. If possible spread children out, lock the door and proceed to # 2.

b) Office Call to Classroom: “ You are being instructed to lock down”: Teacher remains calm – simultaneously locks the door while calmly, but firmly, directs students: “Stop, Drop and Cover, voices quiet.” If possible, spread children out, lock the door and proceed to # 2.

c) Office Call to Classroom: If the office announces a Lock Down, but has determined it is not necessary to take cover, the instructions will be to, “Shelter in-place.” In this event, the teacher calmly locks the door. Students are notified of “shelter in-place” status, defined as required to remain in the classroom, but not required to drop and cover.

1. Teacher calmly locks door.

2. Teacher retrieves lock down procedures from Emergency Operations Plan packet near door.

? Shut and lock door if haven't already

? Shut windows and pull shades

? Turn off lights and other electrical equipment emitting light

? Keep phone lines clear unless there is an emergency

? Admit students from outdoors cautiously and relock door

? If cleared to do so, students may remain at tables/desks. Teacher should provide a quiet, calming activity – coloring sheet, drawing paper

? Take roll using sheet from EOP packet

? Wait for call from the office to report student status/whereabouts

? Wait for further instructions

Each classroom teacher will receive a call over the phone to confirm lock down/shelter in-place status. The office staff will remind teachers to locate and follow these instructions if the teacher has not done so already.

If/when students voice concern about what's happening, simply explain: “I do not know exactly, but we have been instructed to lock our doors and close the blinds for safety and to remain in the classroom until we hear otherwise. We must stay inside and remain calm.”

The administrator will draft a statement and the administrator will inform the parents, students, and community using the same statement to avoid confusion or conflicting stories.

Outside Procedure

Signal: Air horn blasts 3 times, pause and repeat blast 3X.

Action:

Playground Staff/Teacher directs students: Go into the nearest classroom, Drop and Cover.

Staff accompanies students into nearest classrooms. Teachers on break return to their classrooms.

Teachers retrieve EOP packet from doors and follow procedures:

? Shut and lock door.

- ? Shut windows and pull shades
- ? Turn off lights and any other electrical equipment emitting light.
- ? Keep phone lines clear unless there is an emergency
- ? Admit students from outdoors cautiously and relock door.
- ? Reassure students calmly explain:

“This is a safety lock down. For your safety, it is important that you remain quiet, follow my directions and do your best to remain calm and under cover. I know you may feel scared, but we are here to keep you safe and we have help. Stay put and quiet until I give you further directions. We will wait to hear from (administrator).”

- Using the Master School Roster, Log in all students currently in your classroom.
- Wait for the office to contact you to report the students you have in your classroom and for further information and directions.
- Take cover in a safe place. Wait for further instructions.

Remember: Lock Downs can take a long time. Be patient and reassuring. Be prepared to show your ID badge.

If the fire alarm sounds, evacuate the building as in a fire drill. All staff and students go to the yellow safety zone line.
Danger On Campus

Indoors

Possible signals include: sounds of gun shots, screams, cries of distress, call from office, sound of air horn

Every staff member makes quick determination of the safest plan, e.g. it is apparent a shooter is on campus approaching classrooms or spraying bullets:

- ? direct children to spread out, hide behind nearest shelving, turned over tables, cupboards, etc.
- ? direct children to remain silent
- ? take cover in nearest room, behind a table, desk, or cupboard

Outdoors

Playground staff and If possible all staff respond getting children to the nearest shelter.

Every staff makes quick determination of the safest plan, e.g. it is apparent a shooter is on campus approaching classrooms or spraying bullets:

Staff responds to closest children getting them to nearest shelter: classrooms, staff room, restrooms, etc. In the event they are too far away or unavailable because the danger is at the building/door site, move children to the next safest shelter you can find – behind a fence, unlock a gate and escort children to a safe place such as behind the grange or neighbor’s barn, doing your best to get children away from the source of danger, hidden, and quiet.

Once in a safe place remain there quietly until police arrive, find you, provide instructions.
Have your ID badge ready.

Reunification

The administrative personnel will oversee reunification of students with parent or authorized adult.

1. Teachers and all adults assist to maintain safety, calm and order in their classrooms. Remain focused on the children, keeping a calm professional emergency response demeanor.
2. Reunification team responsibilities:
 - Obtain emergency release forms from the office.
 - Verify authorized release of child to adult.
 - Log information on the pink “Reunification-Emergency List” form.

Include:

- ? Name of child
- ? Who picked up
- ? Time of pick-up
- ? Location child is being taken
- ? Phone number where adult (to whom child is being released), can be reached

- Contact Safety Team via phone to have child brought to the parking lot gate to be released.

Media/Parent/Community Response

Employees are not authorized to speak to the media, parents or community members on behalf of the district, and shall not speak with the media, parents, or community members until the operations commander authorizes such an exchange. 1. If a parent gets beyond the school fence barrier, direct the parent to wait behind the fence as part of our reunification process. Explain that a staff member will bring their child to them. Notify reunification staff that the parent is waiting so they can log the necessary information before releasing the child to the parent.

2. If news media or community members breach the fence, direct them away from the disaster area and children. Explain that a time and place will be set up for a press statement. If the time and place has been provided, you may give that information only, but that is all.

3. After Operations Commander has released you from your responsibilities and you have left the campus you may share your personal experience. Until released, you are an employee of the district and are not to speak to non-staff.

Release from Duty

All staff is legally mandated to remain on duty during an emergency until officially released by the Operations Commander. The Operations Commander will determine which staff is to be released and when they will be released. Until notified, remain on duty.

Office Personnel Action

When possible give the Lock Down Signal: Phone call and/or Ring Bell

Imminent Danger: Phone call or intercom directing lockdown

Action:

1. Lock doors
2. Notify each classroom/confirm lock down status and remind teachers to remain calm and of procedures: lock doors, pull shades, turn off lighted electronics.
3. Draw blinds/shades of office and multipurpose room
4. Establish whereabouts of all students through calls to classroom teachers
5. Account for students on whole school master roster
6. Draft statement to parents; officials; news
7. Use Alert Now to notify parents using the same message
8. Set up release protocol and communicate procedure to all teachers.

Procedures for Preventing Acts of Bullying and Cyber-bullying

Garfield School District
Board Policy
Bullying

BP 5131.2
Students

Note: Education Code 234.4 mandates districts to adopt procedures for preventing acts of bullying, including cyberbullying. The following policy and accompanying administrative regulation contain sample procedures that fulfill this mandate and may be revised to reflect district practice.

Note: In addition, Education Code 234.1 and federal law mandate that the Governing Board adopt policy prohibiting discrimination, harassment, intimidation, and bullying based on specified characteristics and ensuring the protection of complainants from retaliation. Also see BP 5145.3 - Nondiscrimination/Harassment for language fulfilling this mandate.

Note: In its October 2010 Dear Colleague Letter: Harassment and Bullying, the U.S. Department of Education Office for Civil Rights (OCR) clarified that misconduct that falls under a district's general anti-bullying policy may also trigger responsibilities under one or more federal or state antidiscrimination laws if the bullying is on the basis of race, color, national origin, sex, sexual orientation, gender identity or expression, age, disability, and/or another legally protected category. Federal law requires the district to take immediate and appropriate action to investigate or otherwise determine what occurred and, if it finds that unlawful discrimination did occur, take prompt and effective steps reasonably calculated to end the harassment, eliminate any hostile environment and its effects, and prevent the harassment from recurring.

Note: OCR's October 2014 Dear Colleague Letter: Responding to Bullying of Students with Disabilities points out that any bullying of a student with a disability that results in the student not receiving meaningful educational benefit constitutes a denial of a free appropriate public education and must be remedied under the federal Individuals with Disabilities Education Act. As necessary, the school may need to convene the student's individualized education program (IEP) team to determine whether the student's needs have changed as a result of the bullying and, if so, revise the IEP to ensure that the student continues to receive appropriate special education and related services.

Note: Thus, while this policy is intended to prevent and address all types of bullying incidents among students, when "discriminatory bullying" is committed and the bullying is sufficiently serious to create a hostile educational environment for the alleged victim or to otherwise deny or limit the student's educational benefits and services, including denial of a free appropriate public education, the alleged victim must be afforded the protections specified under relevant state and/or federal law.

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

(cf. 5131 - Conduct)
(cf. 5136 - Gangs)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)
(cf. 5145.9 - Hate-Motivated Behavior)

Note: Because bullying and its effects extend beyond the school environment, collaboration among a variety of community agencies and organizations that serve youth may be helpful in preventing and responding to bullying. For further information about building a collaborative, see CSBA's publications *Safe Schools: Strategies for Governing Boards to Ensure Student Success* and *Building Healthy Communities: A School Leader's Guide to Collaboration and Community Engagement*.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation

Comprehensive School Safety Plan 56 of 95 2/7/23
of effective strategies to promote safety in schools and the community.

(cf. 1220 - Citizen Advisory Committees)
(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 6020 - Parent Involvement)

Note: Education Code 32282 encourages districts to include bullying prevention policies and procedures in their comprehensive safety plan; see BP 0450 - Comprehensive Safety Plan. In addition, Education Code 52060-52077 require the Board to adopt and annually update a local control and accountability plan which includes, among other specified state priorities, goals for addressing school climate; see BP/AR 0460 - Local Control and Accountability Plan. Pursuant to Education Code 52060, school climate should be measured by student suspension and expulsion rates and other local measures, including surveys of students, parents/guardians, and teachers on the sense of safety and school connectedness, as applicable.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

(cf. 0420 - School Plans/Site Councils)
(cf. 0450 - Comprehensive Safety Plan)
(cf. 0460 - Local Control and Accountability Plan)

Note: Pursuant to Education Code 234.1, districts are required to adopt a process for receiving and investigating complaints involving unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) based on specified characteristics. Pursuant to 5 CCR 4600-4633, the uniform complaint procedures (UCP) must be used for this purpose. In addition, federal regulations require districts to adopt procedures providing for prompt and equitable resolution of complaints of unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) on the basis of sex (34 CFR 106.8), disability (34 CFR 104.7 and 28 CFR 35.107), and age (34 CFR 110.25).

Note: Although some bullying incidents may not fall within the provisions of Education Code 234.1 or federal civil rights regulations, CSBA strongly recommends that districts use the UCP to investigate all bullying incidents (whether discriminatory or nondiscriminatory) to ensure consistent implementation by district staff. It is not always easy or possible for staff to know prior to an investigation whether a student was bullied because of an actual or perceived membership in a legally protected class. Those bullying incidents found to involve discrimination based on the results of the investigation would then be resolved using the UCP. When a bullying incident is determined to be nondiscriminatory, it should be resolved through the appropriate disciplinary process. Districts that are concerned about the capacity of a single district compliance officer to handle a possible increase in the number of UCP complaints, or that prefer to handle certain incidents at the school site level whenever possible, may designate multiple compliance officers in accordance with AR 1312.3 - Uniform Complaint Procedures.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

(cf. 1312.3 - Uniform Complaint Procedures)

Note: Education Code 46600, as amended by AB 1127 (Ch. 781, Statutes of 2019), requires a district to approve an intradistrict transfer request for a victim of bullying. If there is no available school for an intradistrict transfer, the district cannot prohibit the student's interdistrict transfer. See BP/AR 5116.1 - Intradistrict Open Enrollment and AR 5117 - Interdistrict Attendance.

If the Superintendent or designee believes it is in the best interest of a student who has been the victim of an act of bullying, as defined in Education Code 48900, the Superintendent or designee shall advise the student's parents/guardians that the student may transfer to another school. If the parents/guardians of a student who has been the victim of an act of bullying requests a transfer for the student pursuant to Education Code 46600, the Superintendent or designee shall allow the transfer in accordance with law and district policy on intradistrict or interdistrict transfer, as applicable.

Garfield School District
Administrative Regulation
Bullying

AR 5131.2
Students

Note: Education Code 234.4 mandates districts to adopt procedures for preventing acts of bullying, including cyberbullying. The following administrative regulation may be revised to reflect district practice.

Examples of Prohibited Conduct

Note: The following section reflects definitions and examples of bullying and cyberbullying contained in the California Department of Education's (CDE) Bullying Module and may be revised to reflect district practice.

Note: Education Code 48900 defines "bullying," including bullying via an electronic act, for purposes of establishing grounds for suspension or expulsion. See AR 5144.1 - Suspension and Expulsion/Due Process. In addition, Penal Code 653.2 makes it a crime to distribute another person's personally identifiable information electronically with the intent to place that person in reasonable fear of the person's own or a family member's safety and for the purpose of imminently causing harassment or injury by a third party.

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. Bullying includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts,

sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)

Comprehensive School Safety Plan 59 of 95 2/7/23

(cf. 6163.4 - Student Use of Technology)

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying: An act that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures
2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm
3. Social/relational bullying: An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public
4. Cyberbullying: An act such as sending demeaning or hateful text messages or emails, spreading rumors by email or by posting on social networking sites, or posting or sharing embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

(cf. 5131 - Conduct)

(cf. 5137 - Positive School Climate)

2. Providing information to students, through student handbooks, district and school web sites and social media, and other age appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying
3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously
4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias

Note: Pursuant to Education Code 234.1, the district must adopt a policy requiring school personnel who witness acts of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against a student to take immediate steps to intervene when it is safe to do so. It is recommended that districts apply this policy equally to all students. Also see AR 5145.3 - Nondiscrimination/Harassment.

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

Note: Education Code 32283.5 requires districts to make available annually, to certificated staff and all other employees who have regular interaction with students, the CDE's online Bullying Module described below.

The Superintendent or designee shall annually make available to all certificated staff and to other employees who have regular

interaction with students the California Department of Education (CDE) online training module on the dynamics of bullying and cyberbullying, including the identification of bullying and cyberbullying and the implementation of strategies to address bullying. (Education Code 32283.5)

(cf. 4131 - Staff Development)

Comprehensive School Safety Plan 60 of 95 2/7/23

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Note: Pursuant to Education Code 234.7, districts are mandated to adopt policy, equivalent to that developed by the Attorney General, which requires the provision of staff training with the components specified below.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Information and Resources

Note: Education Code 234.6, as added by AB 34 (Ch. 282, Statutes of 2019), requires districts to make specified information on bullying and harassment prevention readily accessible on their web sites beginning in the 2020-21 school year. The following list reflects, but does not reproduce in exact form, all the items specified in Education Code 234.6.

The Superintendent or designee shall post on the district's web site, in a prominent location and in a manner that is easily accessible to students and parents/guardians, information on bullying and harassment prevention which includes the following: (Education Code 234.6)

Note: Education Code 215 mandates that any district serving students in grades 7-12 adopt a policy on student suicide prevention, intervention, and postvention; see BP/AR 5141.52 - Suicide Prevention. As amended by AB 1767 (Ch. 694, Statutes of 2019), Education Code 215 mandates policy on suicide prevention, intervention, and postvention for grades K-6 by 2020-21 school year. Districts that do not maintain any of grades K-6 should modify item #1 accordingly.

1. The district's policy on student suicide prevention, including a reference to the policy's age appropriateness for students in grades K-6

(cf. 5141.52 - Suicide Prevention)

2. The definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8

3. Title IX information included on the district's web site pursuant to Education Code 221.61, and a link to the Title IX information included on CDE's web site pursuant to Education Code 221.6

4. District policies on student sexual harassment, prevention and response to hate violence, discrimination, harassment, intimidation, bullying, and cyberbullying

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

5. A section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media

Comprehensive School Safety Plan 61 of 95 2/7/23

6. A link to statewide resources, including community-based organizations, compiled by CDE pursuant to Education Code 234.5.

7. Any additional information the Superintendent or designee deems important for preventing bullying and harassment (cf.

1113 - District and School Web Sites)

Student Instruction

Note: California content standards related to student education about bullying and violence prevention (e.g., recognizing the characteristics of bullying, examining the effects of bullying on others, demonstrating what to say and do when witnessing bullying) are addressed within the health education content standards adopted by the State Board of Education.

Note: 47 USC 254 mandates districts that receive e-rate discounts to adopt a policy which addresses educating students about appropriate online behavior, including the interaction with other individuals on social networking web sites and in chat rooms, as well as providing information about cyberbullying awareness and response. See BP 6163.4 - Student Use of Technology for language implementing this mandate.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character development, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6142.94 - History-Social Science Instruction)

Note: Education Code 234.7 requires districts to educate students about the negative impact of bullying based on actual or perceived immigration status or religious beliefs and customs. The following paragraph reflects the California Attorney General's model policy developed pursuant to Education Code 234.7, contained in the Office of the Attorney General's publication Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's K-12 Schools in Responding to Immigration Issues, and has been expanded to include education about the impact of bullying based on any other individual characteristic.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Note: The remainder of this section reflects recommendations in CDE's Bullying Module and may be revised to reflect district practice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Note: The following reporting process may be revised to reflect district practice.

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Comprehensive School Safety Plan 62 of 95 2/7/23
(cf. 1312.3 - Uniform Complaint Procedures)

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

Note: Districts have the authority to monitor student use of the district's Internet system and to conduct individual searches of student accounts if there is reasonable suspicion that a user has violated district policy or the law; see BP/AR 5145.12 - Search and Seizure and BP/E 6163.4 - Student Use of Technology.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Note: Pursuant to Education Code 48900-48900.4, "bullying" is a ground for suspension or expulsion; see AR 5144.1 - Suspension and Expulsion/Due Process.

Note: The courts have generally upheld discipline for off-campus student conduct that poses an identifiable threat to the safety of other students, staff, or school property or presents a risk of substantial disruption of school activities, provided that the district is able to document the impact or disruption that the conduct has, or could be expected to have, on school activities (e.g., Wynar v. Douglas County School District, Lavine v. Blaine School District). The court in J.C. v. Beverly Hills Unified School District found that the district would be able to discipline a student for a video recorded off campus and posted on YouTube, but that the discipline imposed on this particular student was not justified since the district did not present evidence of specific facts that led school officials to predict that the video would cause substantial disruption (e.g., the video was not violent or threatening nor did it lead to any confrontations between the students).

Note: Consistent with these interpretations, Education Code 48900 defines bullying by means of an electronic act to include creation or transmission originating on or off the school site. Thus, for purposes of determining whether the conduct may be subject to suspension or expulsion, the act does not necessarily need to have been committed while at school, while coming to or from school, or during a school-sponsored activity. Nevertheless, the act needs to satisfy the criteria specified in the definition of "bullying" in Education Code 48900 (i.e., a severe or pervasive physical or verbal act or conduct that has or can be reasonably predicted to have the effect of placing a reasonable student in fear of harm to the student's person or property, causing a substantially detrimental effect on the student's physical or mental health, causing substantial interference with the student's academic performance, or causing substantial interference with the student's ability to participate in or benefit from school services, activities, or privileges).

Note: When the conduct does not rise to the level specified in Education Code 48900, the district may implement interventions other than suspension or expulsion to address the bullying. For further information, see CSBA's policy brief Cyberbullying: Policy Considerations for Boards. Also see BP 5131 - Conduct and BP 5145.2 - Freedom of Speech/Expression.

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Support Services

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

(cf. 6164.2 - Guidance/Counseling Services)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

Garfield Elementary School Incident Command System Michael Quinlan

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

The Role of the Management Team in an Emergency

- Remain calm.
- First priority is the safety of the children.
- Keep a radio, cell phone and school keys with you.
- Wear an ID card to help fire and police personnel identify you.
- Do your job and delegate tasks to others – do not try to do it all.

Chain of Command

- Superintendent – Immediately will appoint a 2nd in command if Superintendent is not present
- Secretary: Kathy Blair
- Alaina Kelley Teacher in Charge
- Curricular Team

- Support Staff
- Parents/Volunteers

Natural Disaster Requiring Evacuation

- Superintendent will establish a command center.
- Teachers first determine the safety of children in the classroom and place appropriate sign on door. • When evacuation route is deemed safe, take children to the chain link fence, and take the emergency packet by the door. • If there are injured students that are unable to leave the building, have a 'buddy' teacher stay with your class and you remain with the injured student until first aid arrives.
- Use the roster in your emergency packet to take roll and notify the command center of any unaccounted children. • Keep the children in your class together and calm.
- Release children to parents only when instructed by person in charge of reunification procedures.

Lockdown

- The superintendent or staff member will signal for a lockdown.
- Communication between staff members will happen with text and/or school phone system. Do not use the telephone for outgoing calls. Keep lines open.
- Talk to the children and keep them calm.
- If students are with support staff they are to remain there until notified it is clear to return to classrooms.

Communication

- Superintendent will talk to media.
- There will be a scripted text to inform parents and media. DO NOT SPEAK TO MEDIA OR PARENTS – REFER THEM TO THE SUPERINTENDENT.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Comprehensive School Safety Plan 70 of 95

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action

Garfield School District
Board Policy
COVID-19 Mitigation Plan

BP 0470

Philosophy, Goals, Objectives and Comprehensive Plans

Note: The following policy is intended for use during the coronavirus (COVID-19) pandemic and supersedes conflicting provisions in other district policies and administrative regulations, thereby eliminating the need to temporarily revise multiple policies. When the Governing Board determines, consistent with state and local orders from health officials, that the need for this policy no longer exists, the following policy should be removed from the district's policy manual.

***Note: Due to the unexpected nature of the pandemic, the evolving circumstances, and rapidly changing information about the virus, the topics covered in this policy may not be directly addressed in current law. Therefore, the policy presents options and best

practices for districts as they reopen school campuses following extended closures due to the COVID-19 pandemic. Districts are encouraged to consult with local health officials, staff, students, parents/guardians, neighboring school districts, and the county office of education in comprehensive planning for safe operations following campus reopening.***

Note: Resources that provide additional information, such as applicable state and local guidelines from health officials, school schedules, handwashing instructions, and specific personal protective equipment (PPE) requirements, may be attached as exhibits to augment this policy and should be periodically reviewed and updated as necessary.

The following policy establishes actions that will be taken by the district to provide a safe learning and working environment during the coronavirus (COVID-19) pandemic, and shall supersede any conflicting language in existing district policies or administrative regulations until the Governing Board determines that the need for this policy no longer exists. The Board acknowledges that, due to the evolving nature of the pandemic, federal, state, and local orders impacting district operations are subject to change without notice. In the event that any federal, state, or local order may conflict with this policy, the order shall govern.

(cf. 2210 - Administrative Discretion Regarding Board Policy)
(cf. 5141.22 - Infectious Diseases)
(cf. 9310 - Board Policies)

The Board may also adopt resolutions or take other actions as needed to respond to such orders or provide further direction during the pandemic.

Note: Stay-at-home orders, restrictions on social gatherings, and PPE requirements and their impact on the opening and closing of school campuses will vary based on local conditions. CSBA strongly recommends that districts consult state and local health officials for guidance on decisions regarding the opening and closing of school campuses.

The Board recognizes that students and staff have the right to a safe campus that protects their physical and psychological health and well-being. School campuses shall only be open when deemed safe for in-person instruction. The Board's decision to reopen school campuses for classes, before or after school programs, child care centers, and/or preschool programs shall be made in consultation with state and local health officials, the county office of education, and neighboring school districts. The district shall evaluate its capacity to implement safety precautions and to conduct full or partial school operations, and shall consider student, parent/guardian, and community input.

(cf. 0400 - Comprehensive Plans)
(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)

Prior to the return to on-campus teaching and learning, the Superintendent or designee shall provide to students, parents/guardians, and staff current information about COVID-19, including its symptoms, how it is transmitted, how to prevent transmission, the current recommendations from the state and local departments of public health, and any other information and/or resources to prepare for a safe return to on-campus teaching and learning. The Superintendent or designee shall also provide information on the processes and protocols the district will follow to minimize the health risks associated with COVID-19, including, Comprehensive School Safety Plan 73 of 95 2/7/23 but not limited to, physically separating individuals (social distancing), limits on large gatherings, the provision of personal protective equipment (PPE) such as masks and gloves, and the sanitization of facilities.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)
(cf. 6020 - Parent Involvement)

Student Support

The Board recognizes that the consequences of the COVID-19 pandemic, including fear for one's safety, the economic crisis, the loss of school-based relationships, and disruptions in student learning, impact all students but may have a disproportionate effect on the youngest students, students with disabilities, those students most vulnerable to basic needs insecurity or child abuse and neglect,

and other at-risk students.

(cf. 0415- Equity)

As school campuses reopen, staff shall provide a caring and nurturing educational environment for students. The district may provide instruction on social-emotional well-being to all students, including information on how to deal with stress and anxiety in healthy ways and the importance of emotional well-being for academic success.

(cf. 6142.8 - Comprehensive Health Education)

Staff shall pay careful attention to students' increased mental health concerns. Counseling, other support services, and/or referrals to other agencies shall be available to assist students in dealing with the social and emotional effects of COVID-19, such as stress, anxiety, depression, grief, social isolation, and post-traumatic stress disorder.

(cf. 5141.5 - Mental Health)

(cf. 5141.52 - Suicide Prevention)

(cf. 6164.2 - Guidance/Counseling Services)

(cf. 6164.5 - Student Success Teams)

As needed, the district may provide referrals of students and families to basic needs assistance or social services, and may assess students for eligibility for the free and reduced-price meal program or assistance under the McKinney-Vento Homeless Assistance Act.

(cf. 6173 - Education for Homeless Children)

The Superintendent or designee shall ensure that staff understand their obligations as mandated reporters to report suspected child abuse or neglect, regardless of whether the student is on campus or participating in distance learning.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

The Superintendent or designee may provide information to staff and parents/guardians regarding how to provide mental health support to students. The Superintendent or designee may also provide counseling to staff who are experiencing emotional difficulties as a result of COVID-19.

Instruction/Schedules

Note: Until COVID-19 is no longer a concern, schools may offer instruction through one of three prevailing approaches: (1) return to full on-campus instruction with social distancing/PPE requirements and modified schedules, (2) continue exclusively with distance learning, or (3) use a hybrid approach that incorporates both on-campus instruction and distance learning. To accomplish any approach that uses on-campus instruction while maintaining social distancing may require the implementation of staggered schedules, such as having half the students on campus one week followed by the other half the following week, having grades 1-3 on campus on Monday and Wednesday and grades 4-6 on Tuesday and Thursday, or teaching elementary students on campus while secondary students use distance learning.

Comprehensive School Safety Plan 74 of 95 2/7/23

Note: The following section reflects a hybrid approach, which may be the most practical for the majority of districts, and should be revised to reflect district practice.

The district may offer a combination of on-campus instruction and distance learning to meet the needs of all students.

(cf. 6157 - Distance Learning)

(cf. 6158 - Independent Study)

The Superintendent/Principal or designee shall work with teachers, other staff, students, and parents/guardians to recommend to the Board a schedule of on-campus instruction for school. If all students cannot attend on-campus instruction for the entire school day due to space limitations as a result of social distancing requirements, the Superintendent or designee shall consider arrangements for rotating groups of students, such as on a daily or weekly basis, and/or shall provide on-campus instruction to

students with the greatest need for in-person supervision.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

Priority for on-campus instruction shall be given to the lowest performing students, students with disabilities, elementary level students, students at risk of child abuse and neglect, homeless students, foster youth, and English learners. To the extent practicable, the district shall also consider the needs of essential workers, as designated in the Governor's executive orders, for child care during normal school hours.

(cf. 6173.1 - Education for Foster Youth)

(cf. 6174 - Education for English Learners)

On-campus instruction may be prioritized for subjects that are difficult to deliver through distance learning, such as laboratory science, art, or career technical education.

For distance learning, lessons may be delivered through live video sessions, pre-recorded lectures, or other technology-based distance learning platforms and/or the district may supplement on-campus instruction with home assignments. As much as possible, distance learning shall be provided through small-group synchronous learning.

Appropriate training shall be provided to teachers and other instructional staff involved in distance learning, including training on how to use any technology or platform approved for distance learning by the school and opportunities for the sharing of best practices among instructional staff. Available training resources may also be provided to students and parents/guardians when necessary.

Evaluation of Academic Progress Following Campus Closure

Note: Pursuant to the Governor's Executive Order N-30-20, administration of the California Assessment of Student Performance and Progress was waived in spring 2020 due to the COVID-19 pandemic. Districts will need to use other measures to evaluate students' academic progress during that period of campus closure.

Upon return to on-campus instruction following an extended campus closure, the Superintendent or designee shall evaluate the impact of the campus closure on students' academic progress. Such evaluation may:

1. Address student-specific needs arising from the transition back into on-campus instruction
2. Consider whether or not a student has experienced a regression of skills and/or lack of progress
3. If regression and/or a lack of progress is present, identify opportunities for recovery, including supplemental educational services and/or new or different support services

(cf. 6179 - Supplemental Instruction)

Comprehensive School Safety Plan 75 of 95 2/7/23

For students with disabilities, the evaluation of academic progress shall also be used to determine whether an additional or revised individualized education program (IEP) or Section 504 plan is needed for the student to be academically successful when returning to on-campus instruction. The Superintendent or designee may prioritize urgent student need in scheduling initial and triennial assessments and annual IEP meetings. The Superintendent or designee shall ensure district compliance with all procedural timelines for IEPs and Section 504 plans as required, unless amended by executive order.

(cf. 6159 - Individualized Education Program)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

(cf. 6164.6 - Identification and Education Under Section 504)

Grading

Note: The district may select or revise any of the items below to reflect district practice. The California Department of Education's (CDE) FAQs on Grading and Graduation Requirements, available on its web site, includes an appendix on Distance Learning Grading Guidance for Teachers which contains a non-exhaustive list of options for assigning final grades for spring 2020 for courses interrupted by COVID-19 and the resulting school closures. Those options are only applicable to final semester grades and may not necessarily apply to shorter periods of campus closure. Grading policies for the 2020-21 school year may be dependent on the date that campuses reopen and/or whether campuses need to be reclosed for an extended period at any time during the year.

Note: Also see CSBA's Sample School Board Resolution on Grading During Emergency School Closures.

For each grading period, student progress shall be reported in accordance with BP/AR 5121 - Grades/Evaluation of Student Achievement. However, in the event that school campuses are closed for an extended period of time during any grading period, the Board may, upon recommendation by the Superintendent or designee, adopt one or more alternative grading policies which may vary by grade level or type of course. Options for such grading include, but are not limited to:

1. Assignment of final grades based on the student's grades when the campus shutdown occurred, with opportunities to increase the final grade based on progress through distance learning or other assignments and assessments
2. Assignment of pass/no pass grades for all courses
3. Grading based on students' understanding of applicable course content through assessments, projects, portfolios, or other appropriate means

(cf. 5121 - Grades/Evaluation of Student Achievement)

Health Screening of Students

Note: The following optional paragraph reflects recommendations in the Centers for Disease Control and Prevention's (CDC) Interim Guidance for Schools and Day Camps to conduct temperature checks and/or visual checks of students before they enter the school. CDC recommends that persons who have a fever of 100.4 degrees or above or exhibit other signs of illness not be admitted to the facility.

To the extent feasible, students shall be screened for COVID-19 symptoms upon arrival at school each day. The Superintendent or designee shall work with local health officials to determine the appropriate means of screening, which may include temperature checks with a no-touch thermometer.

If the screening indicates a fever or other COVID-19 symptoms, or if the student exhibits symptoms at any time during the school day, the student shall be placed in a supervised isolation area until the student's parent/guardian is contacted and the student can be transported home or to a health care facility. School staff may provide the parent/guardian with referrals to school or community health centers for further testing.

(cf. 5141 - Health Care and Emergencies)

(cf. 5141.3 - Health Examinations)

Comprehensive School Safety Plan 76 of 95 2/7/23

(cf. 5141.6 - School Health Services)

Student Absence and Attendance

The Board recognizes that COVID-19 will continue to impact the attendance of students following the reopening of school campuses. The Superintendent or designee shall notify students and parents/guardians of expectations regarding school attendance. Such notification shall direct any student who contracts the virus or lives with someone who has been diagnosed with COVID-19 to stay home in accordance with state and local health directives so as to curtail the spread of the disease.

Students who are infected with COVID-19 shall be excluded from on-campus instruction until a medical provider states in writing

that the student is no longer contagious. (Education Code 49451; Health and Safety Code 120230; 5 CCR 202)

Students who are identified as being in a high-risk population for serious complications from COVID-19 because of a medical condition may request assessment and accommodations under Section 504 and/or an alternative instructional method that allows the student to continue receiving instruction off campus.

Note: Pursuant to Education Code 48205, student absences due to illness or quarantine are considered excused absences. 5 CCR 306 authorizes the school to require a satisfactory explanation from a student's parent/guardian whenever the student is absent. Pursuant to 5 CCR 421, the Board may adopt policy or a resolution establishing reasonable methods for verifying student absences, and absences due to illness or quarantine may be verified by a school or public health nurse, attendance supervisor, physician, principal, teacher, or other qualified district employee assigned to make such verification. See AR 5113 - Absences and Excuses for verification methods authorized by the district.

When a student is absent, the student's parent/guardian shall notify the school of the reason for the absence. A physician's verification of a student's illness, results from a valid covid-19 test or quarantine shall be submitted.

(cf. 5113 - Absences and Excuses)

If a student would otherwise be required to attend on-campus instruction but is kept home by the parents/guardians due to concerns for the welfare of their child, the principal or designee shall work with the student and parent/guardian to find alternative means of instruction, which may include distance or blended learning, independent study, printed class assignments, or other reasonable means.

(cf. 6154 - Homework/Makeup Work)

Note: Pursuant to the Governor's Executive Order N-26-20, districts are not penalized for failure to offer regular school days when campuses are closed due to COVID-19. Although districts are not required to record daily attendance for apportionment purposes when campuses are closed, CDE's FAQs for 2019 Novel Coronavirus encourage districts to track participation and engagement in distance learning at such times. As campuses reopen, districts should follow state guidance, when issued, pertaining to attendance accounting.

The Superintendent or designee shall maintain enrollment and student attendance data, including the participation of students in distance learning, and shall report data in accordance with state requirements.

The district employee designated as the attendance supervisor pursuant to Education Code 48240 shall track patterns of student absence throughout the district and regularly report such information to the Superintendent. When a student who is participating in distance learning repeatedly fails to check in with the teacher when required, the teacher and/or attendance supervisor shall attempt to contact the student or parent/guardian to resolve the issues leading to the absence.

(cf. 5113.1 - Chronic Absence and Truancy)

(cf. 5113.11 - Attendance Supervision)

Social Distancing

***Note: Public health officials from the California Department of Public Health (CDPH), CDC, and World Health Organization recommend social distancing to help stop or slow the spread of COVID-19. Social distancing requires creating physical space

Comprehensive School Safety Plan 77 of 95 2/7/23

between individuals and minimizing the size and number of gatherings as much as possible. It is generally recommended that space between individuals be at least six feet whenever possible.***

In order to maintain a campus environment that allows for social distancing, the district shall assess the capacity of school facilities, including classrooms, cafeterias, multi-purpose rooms, gyms, and outdoor areas, and determine the means by which the facilities can best be utilized considering space and time alternatives. To the extent reasonably possible, the district may:

1. Within classrooms, space desks at least six feet apart and position them in a way that limits students facing each other 2.

Stagger students in areas of high traffic, such as when students are using lockers, lining up for class, or passing between classes

3. Mark six-foot boundaries within classrooms, common areas, outdoor spaces, and places where students are likely to gather so that students and staff are more readily aware of and can more easily abide by social distancing requirements
4. Utilize restroom stalls and sinks in a manner that allows for social distancing, such as limiting the number of students and/or staff who may use the restroom at a time, blocking off every other stall or sink from use, and/or marking six-foot boundaries
5. Minimize the mixing of students from different classrooms in common spaces, such as in cafeterias and libraries
6. Conduct recess and physical education classes in a manner that allows for social distancing and minimizes the use of physical education equipment

Note: Item #7 is for use by districts that provide transportation for students. CDC's Interim Guidance for Schools and Day Camps presents examples of bus seating arrangements that may be established to meet the six-foot social distancing objectives, such as (1) seating one student to a bench on both sides of the bus, skipping every other row, and (2) seating one student to a bench, alternating rows on each side to create a zigzag pattern. Seats that must be left vacant should be marked or blocked.

(cf. 5142.2 - Safe Routes to School Program)

Note: CDPH Guidance for the Prevention of COVID-19 Transmission for Gathering, issued March 16, 2020, states that gatherings that bring together people in a single room or single space at the same time, such as school sporting events, should be postponed or canceled until further guidance is released by CDPH. The Governor's Resilience Roadmap issued in spring 2020 establishes four stages for gradually reopening businesses and activities, with large gatherings generally withheld until stage 4.

Large gatherings, such as assemblies, rallies, field trips, extracurricular activities, and athletic events, shall be suspended until the Board determines, consistent with guidance from state and local health officials, that it is safe to resume such activities. The Superintendent or designee may grant an exception if an activity can be arranged to take place in phases or per class, or modified in a manner that would keep participants from violating social distancing recommendations. When deciding whether an activity may resume, the Superintendent or designee may consider the size of the group that participates, the extent to which the students and other attendees have physical contact, whether the activity can be modified to avoid physical contact, if shared equipment is required for the activity, and if social distancing can be maintained.

(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)
(cf. 6153 - School-Sponsored Trips)

Personal Protective Equipment and Hygiene Practices

Note: CDC's Considerations for Schools reinforces the value of using cloth face coverings to protect oneself and others, but recognizes that wearing face coverings in all-day settings such as school may be challenging for students, particularly younger students. CDC advises that face coverings be worn as feasible, but especially when social distancing is difficult.

***Note: It is also recommended that all staff should use cloth face coverings and that food service workers and other staff who are in routine contact with the public should wear gloves. However, requiring staff to use such equipment may be subject to collective bargaining. Districts are encouraged to review their collective bargaining agreements and applicable memoranda of understanding

Comprehensive School Safety Plan 78 of 95 2/7/23
and consult with legal counsel before requiring staff to use facial coverings.***

The Board requires students, staff, and visitors to wear PPE while on school campuses, especially in high-traffic areas and/or when social distancing is not possible. If the use of PPE in schools is required by state or local health officials, the district shall provide PPE to students and staff who do not bring their own personal PPE. Students and staff shall be provided instruction in the proper use, removal, disposal, and cleaning of PPE.

***Note: The following paragraph reflects a recommendation in CDC's Considerations for Schools and may be revised to reflect

district practice.***

Face coverings shall not be required for children younger than two years, or for anyone who has trouble breathing or is incapacitated or otherwise unable to remove the covering without assistance. Reasonable accommodations shall be made for anyone who is unable to wear a face covering for medical reasons.

The Board also encourages students and staff to practice good hygiene, such as appropriate covering of coughs and sneezes and regular hand washing of at least 20 seconds, including before eating and after blowing one's nose, coughing, or sneezing. The district shall provide adequate time and opportunity for students to wash hands, and shall make hand sanitizer available in areas where handwashing is less accessible. Signage regarding healthy hygiene practices and how to stop the spread of COVID-19 may be posted in and around school facilities.

Sanitization of Facilities and Equipment

School facilities and shared equipment such as desks, tables, sports/playground equipment, computers, door handles, light switches, and other frequently used equipment and supplies shall be cleaned and disinfected daily with appropriate cleaning agents. Disinfectants and cleaning agents shall be stored properly and in a manner not accessible to students.

(cf. 3510 - Green School Operations)

(cf. 3514.1 - Hazardous Substances)

(cf. 4157/4257/4357 - Employee Safety)

The Superintendent or designee shall ensure that ventilation systems are operating properly and that air flow and ventilation within district facilities is increased, to the extent possible, by opening windows and doors and using fans and air conditioning. Garbage shall be removed daily and disposed of safely.

Food Services

The Superintendent or designee shall ensure that students have access to clean drinking water other than through a water bottle filling station, and food which is procured, stored, and served in a manner that reduces the likelihood of COVID-19 transmission and follows state and national guidelines for nutrition.

(cf. 3550 - Food Service/Child Nutrition Program)

For meals that are consumed on school grounds, the Superintendent or designee shall ensure that students will be able to maintain proper social distancing while eating. In order to do so, the Superintendent or designee may consider the consumption of meals in classrooms, gyms, the outdoors, and/or other district grounds.

Meal service shall also be available to students participating in distance learning, which may include and/or entirely consist of a "grab and go" service or delivery.

Due to the changing financial circumstances of many families as a result of COVID-19, the Superintendent or designee shall regularly provide information to students and parents/guardians regarding the free and reduced-price meal program, eligibility, and how to apply for the program.

(cf. 3553 - Free and Reduced Price Meals)

Staff

Comprehensive School Safety Plan 79 of 95 2/7/23

Note: The following section may be subject to negotiations with employee organizations.

Prior to reopening campuses, the Superintendent or designee shall review staff assignments and, upon request, may reassign employees to reduce exposure to the virus, especially for high-risk staff. When feasible for the position, employees may be granted a remote work assignment.

(cf. 4030 - Nondiscrimination in Employment)

(cf. 4113 - Assignment)

(cf. 4113.4/4213.4/4313.4 - Temporary Modified/Light-Duty Assignment)

(cf. 4113.5/4213.5/4313.5 - Working Remotely)

Note: The Governor's Executive Order N-26-20 requires that districts continue to pay employees even if campuses close temporarily due to COVID-19. Furthermore, according to Office of Management and Budget Memorandum M-20-17, during extraordinary circumstances such as a pandemic which interrupts district operations, employees paid with federal grant funds can continue to be paid out of federal grant funds as long as other similarly situated employees paid with nonfederal funds are continuing to get compensated. See BP 4151/4251/4351 - Employee Compensation.

In the event that employees are unable to perform their duties due to partial or full closure of campuses, the Board shall compensate employees as permitted by law.

(cf. 4151/4251/4351 - Employee Compensation)

Any employee who contracts the virus, shows symptoms of possible infection, or is caring for someone who has been diagnosed with the virus shall self-quarantine for the period of time recommended by health authorities in order to prevent the spread of the disease to students or other staff.
