

Monday, August 4th, 2025

Dear Garfield Families,

It is our pleasure to welcome you to the 2025 – 2026 School Year! We hope you have had a relaxing and fun summer break.

Whether you are a returning family or joining us for the first time, we are so happy that you have chosen to be a part of this amazing learning community. We look forward to supporting your child in every way possible, as has been our tradition at Garfield Elementary School since its beginning.

As always, we are excited to share with you all that Garfield has to offer! Our educators, support staff, families, and educational partners are ready for the year ahead. We will continue to strive for the academic excellence and social and emotional well-being of all of our students, while simultaneously focusing on inclusion and a sense of belonging at Garfield School.

We look forward to the start of the new school year and to continuing our collaborative goal of providing your children with the best educational experience possible. As always, we will look to our families to be positive partners in their child's educational journey. We will always put the best interests of our students at the center of what we do. Please join us in ensuring the success of all Garfield's students.

Please know that my door is always open, our team welcomes your input and you are encouraged to contact me via email at [mquinlan@garfield.school.org](mailto:mquinlan@garfield.school.org) or by calling to make an appointment at any time.

Sincerely,

Mr Quinlan and the Garfield Staff
